Subject: BIXL Solutions - Your application for Internship

Hi Parameswari,

Thank you for your interest in the internship opportunity with us.

We are currently offering internship opportunities for candidates ready for employment and this opportunity does not sync with your profile now. We encourage you to explore suitable opportunities.

However, we are considering offering the internship opportunities for students and the timelines are not yet finalized for this. Would you be ok for us to contact you then?

Best Regards,
Chandrashekar
